**All Businessmen believe that 80% of their inquiries, rate negotiations, order bookings, payment commitments, dealings and complaints are made over phone.**

"These all talks are important for your business and you often require to retrieve it. It's your responsibility to listen important calls and remember them."

Do not forget the important phone conversations and the discussions already made.

Retrieve your outstation & overseas inquiries and phone calls handled in your absence.

Customer's order details such as item, size, rate, specification etc. are stored with voice. Verify in case of discrepancy.

Reduce your spending over telephone bills by avoiding abuse of telephones.

"INTELLICALL" stores all the Incoming-Outgoing calls from all the extensions with Date, Time, Numbers, Duration and Party name in your computer system automatically, which will be available later to listen through speakers whenever required.

## ADVANTAGE INTELLICALL
